The screenshot shows a software interface for managing test questions. At the top, there's a toolbar with icons for delete (red X), save (green checkmark), formula (fx), and a value (2). Below the toolbar is a table with columns labeled A, B, C, and D. The first row contains headers: 题号 (Question Number), 标准答案 (Standard Answer), and 分值 (Score). Rows 2 through 8 contain question data. Row 4 is currently selected, indicated by a green border around the entire row. The '分值' column for row 4 contains the value '2', which is also highlighted with a green border. The bottom of the window features tabs for '功能说明' (Function Description) and '答案与分值' (Answers and Scores), with '答案与分值' being the active tab. A large 'Edit' button is located at the bottom center.
